

Post your one-time trips to the Get There Rideboard

Connect with neighbors
going your way

Whether you want to share the ride to the mountain, the city, or the next state over, **the Rideboard is your tool for finding and offering rides.**

The Rideboard is a free service of Get There, spearheaded by the Oregon Department of Transportation to help Oregonians share the ride and plan trips. Learn more at [GetThereOregon.org](https://www.getthereoregon.org).

Using the Rideboard to share the ride is easy:

1. Visit GetThereOregon.org and click the “**Get There Tool**” button to **sign up or login**.
2. Click “**Dashboard.**”
3. Find “**Upcoming Rideboard Trips**” on the right and click “**View All.**”
4. Click “**Post a Ride**” and fill in the details.
 - Under “**Trip Interest,**” select “**Passenger Only**” if you are looking for a ride or “**Driver Only**” if you want to offer a ride.
 - If you’re flexible, select “**Driver or Passenger.**”
5. If you find a trip match, **send the user a message to connect.**
 - Your message will be emailed to them and they can reply directly to your email address.

Check if there are posted rides: See if someone is already looking for a ride or offering one.

Help spread the word: The more people using the Rideboard, the better it works!
